

TECHNICAL DATA SHEET

BIOSAN

Antibacterial Laundry Soaker

ACTIVE INGREDIENTS EQUIVALENT TO 3 – 4% AVAILABLE OXYGEN

PRODUCT DESCRIPTION

Biosan whitens and brightens washing. It is safe on washable colourfast fabrics and sanitises as it soaks. It can be used as a laundry soaker or detergent booster. It is not necessary to wash garments after soaking in Biosan –just rinse well.

DIRECTIONS: NB – Do not soak garments with metal buttons or zips for more than 1 hour.

SOAKING

Whites - Dissolve 40 grams. (approx 1 rounded tablespoon) in 8 litres warm to hot water. Increase for heavy stains. Make sure Biosan is completely dissolved before adding laundry. Soak for 2 to 8 hours, depending on persistence of stains. Rinse well after use.

Colours – Always test for colourfastness on a hidden part of the garment first. Use as above, but soak in cold to warm water only, depending on persistence of stains.

WASHING BOOSTER

Add approximately 80 grams to standard washing load. Increase for heavy stains or if water is hard.

SAFETY PRECAUTIONS

KEEP ALL CHEMICALS OUT OF REACH OF CHILDREN. If poisoning occurs, contact a Doctor or Poisons Information Centre. **National Poisons Information Centre Dial 13 1126 (from anywhere in Australia).** Additional information is listed in the Material Safety Data Sheet.

STORAGE

Keep out of reach of children. Keep container firmly closed. Store in a cool dark place.
