

TECHNICAL DATA SHEET

PHOSCALE

Concentrated Hard Water Stain Remover

Contains: 730g/L PHOSPHORIC ACID

PRODUCT DESCRIPTION:

PHOSCALE is a non-fuming acid concentrate for removing calcium build-up and water scale from dishwashers, boilers, water pipes, evaporators etc. PHOSCALE assists in resistance to corrosion of metallic surfaces.

DIRECTIONS:

- **DISHWASHERS:** Add between 100 and 200 mls PHOSCALE per 10 Litre capacity, depending on the build up of scale.
- **LIGHT TO MEDIUM DUTY:** Dilute approximately 1 - 2 parts PHOSCALE to 10 parts water.
- **HEAVY DUTY:** Apply undiluted. Allow approximately 15 minutes to react then flush with water.

CAUTION: Do not leave product on metallic surfaces for any length of time.

SAFETY DIRECTIONS:

Avoid contact with eyes and skin. Wear rubber gloves.

FIRST AID:

If poisoning occurs contact a doctor or Poisons Information Centre. Phone **Australia 13 1126**. If swallowed, do NOT induce vomiting. Give a glass of water. If skin contact occurs, wash skin thoroughly. If in eyes, hold eyes open and flood with water. If irritation persists, seek immediate medical attention.

STORAGE

Keep out of reach of children. Keep container firmly closed. Avoid temperature extremes in storage area.

Additional information is listed in the Material Safety Data Sheet.

GENERAL: The information and recommendations in this data sheet are to the best of our knowledge reliable. However, nothing herein is to be construed as a warranty or representation. Users should make their own tests to determine the applicability of such information or the suitability of any products for their own particular purpose.
